*To the Indiana Veteran Association of the  
State of Kansas:*

In obedience to instructions of the Association at their last meeting, held at Emporia Oct. 7th, 1888, I have prepared and published the Roster of Indiana Soldiers resident of Kansas. The records of the Adjutant General's office have furnished the greater part of the names. Registry books of reunions have also been searched and names and addresses have been learned from individuals and by correspondence. Names have been compared with the muster rolls in the report of Adjutant Terrell of Indiana to avoid errors, and thus hundreds of corrections have been made. Still there are doubtless many mistakes, but in the main it is correct. As to the addresses, however, they cannot be altogether relied on, for the soldier, like a bird, does not always remain where first he settles. The addresses published if not now correct will give a clue to trace from and may thus lead to the present address.

The work has been prepared with care, and the arrangement is in the most approved style, the Regiments being placed in numerical and the names of the men in alphabetical order, giving company and rank if known.

The work of preparing this Roster has been a labor of love, and it is the desire of the author that the work may prove interesting and useful and go far towards perfecting the spirit of Fraternity, Charity and Loyalty which should ever be found to exist between those who together fought and conquered the element of disunion. Dear to each patriot's heart should be the name and fame of every other patriot, and especially dear those of our own glorious old state,  
**INDIAN**

There having been no fund provided for publication, there appeared no other way to have the Roster printed, than for the Secretary to become personally responsible, and to advance a large part of the pay, and for his remuneration to look to the appreciation of his comrades of the association, in buying a sufficient number of the books to pay the costs of the publication. The number of Rosters printed being limited, it is hoped that all desiring will secure copies at once, before the edition is exhausted.

Respectfully submitted,

T. W. DURHAM, Secretary.

## Muster Roll Indiana Veterans in Kansas.

NOTE—The order of arrangement is: First, by regiments; Indiana having furnished five regiments for the Mexican war, the number of the first regiment for the war of 1861 was the sixth; the regiments including infantry, cavalry and heavy artillery were numbered consecutively from six to one hundred and fifty-six.

There were thirteen regiments of cavalry and one of heavy artillery; regiment twenty-one was the first heavy artillery.

The 1st cavalry was the 28th,

" 2d	"	"	"	41st.
" 3d	"	"	"	45th.
" 4th	"	"	"	77th.
" 5th	"	"	"	90th.
" 6th	"	"	"	71st.
" 7th	"	"	"	119th.
" 8th	"	"	"	59th.
" 9th	"	"	"	121st.
" 10th	"	"	"	125th.
" 11th	"	"	"	126th.
" 12th	"	"	"	127th.
" 13th	"	"	"	131st.

The remaining regiments were infantry. The light artillery were designated as batteries by numbers from one to twenty-eight—the last number being colored.

Second, names are placed in alphabetical order—first, name; second, rank; third, company letter; fourth, postoffice address—all postoffices, unless otherwise noted, being in Kansas.

Where no rank is given it will be understood that the soldier was a private or that rank was unknown.

The usual military abbreviations have been used for rank, and also s for sergeant, c for corporal, m for musician.

#### THE ONE HUNDRED DAYS VOLUNTEERS.

The Governors of Ohio, Indiana, Illinois, Iowa and Wisconsin having offered to raise for the service of the General Government a force of volunteers to serve for 100 days, Governor Morton on the 23d of April, 1864, issued his call for Indiana's proportion of that force. The troops thus raised were to perform such military services as might be required of them in any state, and were to be armed, subsisted, clothed and paid by the United States, but were not to receive any bounty.

These troops were designed to aid in making the campaign of 1864 successful and decisive, by relieving a large number of veterans from garrison and guard duty, and allow them to join their companions in arms, then about entering upon one of the

active and important campaigns of the war. Their places were filled by the 100 days men as fast as the latter could be organized into regiments and sent forward from the camps of rendezvous. The organizations from Indiana consisted of eight regiments, numbered consecutively from the 132d to the 139th inclusive.
